

Name: Andrea Wright

Grade/Subject: Fourth Grade

Number of years working at CKS: 5 years

About me:

I have my BS in Early Childhood Education with an endorsement in Elementary Education and Special Education. I enjoy spending my time camping with my family and working on DIY projects for my house with my husband.

Why CKS:

I attended CKS as a child and now I am able to experience it in a whole new way. Being able to become friends with my old teachers and create a home away from home in my classroom. CKS has always been an important place and I hope that one day my children can attend CKS too!
